ACKNOWLEDGEMENTS

I Profoundly thank the following person who have helped me in various ways to carry out this investigation.

DR. SURENDRANATH DUBEY, Senior Lecturer, Department of Psychology, K.S. Saket Post-Graduate College, Faizabad, U.P., for his invaluable guidance, supervision, help and encouragement throughout the investigation. Smt. S.N. DUBEY and other family members have been too affectionate that I felt homely throughout my stay at Faizabad.

DR.S. UPADHYAYA, Associate Professor, Psychiatry Department, School of Medical sciences, University Sains Malaysia, Mindon, Penang (Malayasia) for providing the test materials.

DR.G. MUTHUKUMAR, NEW JERSY, USA for having Provided the literatures relevant to this study by computer Search from University of New Jersey.

CHAIRMAN, CHIEF MEDICAL OFFICER, Prof. (DR) L.M. SAKTHIVEL, Visiting Psychiatrist, Madras Port Trust, for granting permission to Carry out this investigation.

DR. S. KARUNANIDHI, DR.V.S.R. VIJAYAKUMAR AND DR V.D. SWAMINATHAN, Lecturers, Department of Psychology, University of Madras for their help during this investigation.

MR.T.GOVINDA SEETHARAMAN, and MR. T. KUMARAVEL, Madras, for the very valuable help rendered in connection with Statistical analysis and Computerisation of data.

My parents, wife and family members who have been a source of inspiration for me throughout this investigation.

G. Vijayakumar

Table No.	LIST OF TABLES	Page
1.	Distribution of subjects in three groups (alcoholics, recovering alcoholics, non-alcoholics) with regard to different controlled variables.	116
2.	Mean and Standard deviation of alcoholic, recovering alcoholic and non-alcoholic groups in Sensation seeking.	132
3.	The significance of difference between mean of the three groups in sensation seeking.	132
4.	Mean and Standard deviation of alcoholic, recovering alcoholic, and Non-alcoholic groups in life event stress, Hassles and uplifts.	139
5.	The significance of difference between mean of the three groups in life event stress, Hassles and uplifts.	139
6.	Mean and standard deviation of alcoholic, recovering alcoholic and non-alcoholic groups in Social support.	143
7.	The Significance of difference between mean of the three groups in social support	143
8.	Mean and standard deviation of alcoholic, recovering alcoholic and Non-alcoholic groups and significance of difference between the means of the three groups in sixteen personality factors.	152
9.	Summary of the significance of difference of 28 variables between alcoholic and Recovering alcoholic groups.	165
10.	Summary of the Significance of difference of 28 variables between alcoholic group and Non-alcoholic groups.	168
11.	Summary of the significance of difference of 28 variables between recovering alcoholic and Non-alcoholic groups.	171
12.	Correlation Matrix of significant variables for the alcoholic group.	175
13.	Correlation Matrix of significant variables for the Recovering alcoholic group.	179

14. Correlation Matrix of significant variables for the Non-alcoholic group. 183
15. Rotated Factor matrix for the alcoholic group. 187
16. Rotated Factor matrix for the Recovering alcoholic group. 190
17. Rotated Factor matrix for the Non-alcoholic group. 194
