CERTIFICATE

I feel immense pleasure in certifying that Miss Shakuntla Sharma has worked for her Ph.D. Thesis entitled, "Grass Roots Politics in Himachal Pradesh : A Comparative Study of Three Panchayats", under my supervision and guidance. In my opinion, it is an original piece of research work and has not been submitted to any other University for any degree.

I recommend it for submission, evaluation and award of the degree.

ACKNOWLEDGEMENTS

With immense pleasure and gratitude, I place on record my heartiest thanks and deepest indebtedness to my supervisor Dr. Gopal Singh, Associate Professor, Department of Political Science, Himachal Pradesh University, Shimla, for his able and inspiring guidance during the entire course of this research work. His encouragement and blessings were always a source of inspiration.

I owe an immense debt of gratitude to Dr. Rajinder Chauhan, Department of Political Science, who always enlightened me through his valuable comments and suggestions.

It is my foremost duty to acknowledge my thanks to all the villagers, particularly my respondents and panchayat members in the three panchayats under study, who furnished necessary and relevant information for the study and fully co-operated during my field survey. My thanks are also due to officials and non-officials in Panchayati Raj Department and in Block Development Offices, without whose sustained interest and enthusiastic help and cooperation, the present work would have remained incomplete.

I wish to record my thanks to Indian Council of Social Science Research who provided me financial assistance in form of the short-term doctoral fellowship to accomplish this research work.

I am also grateful to the librarians and staff-members of the libraries of Himachal Pradesh University, Shimla and Indian Institute of Advance Studies for providing me every help to consult literature.

No words can adequately express my debt of gratitude to my respected parents whose love and affection I received in abundance and whose patience, continued encouragement and unending blessings always led this work towards its completion. My brothers namely, Dr.C.L. Sharma, Sohan Lal Bhardwaj and Dr. Ram Lal Bhardwaj, Sister Lajwanti Sharma and brother-in-law Dr. D.K.Sharma have always been a source of encouragement for me during my work. I have a great pleasure in recording my thanks to them for generating in me a perennial interest in higher studies and for the tremendous co-operation, I received from them from time to time.

A number of my friends have helped me in one way or the other. I express my thanks to all of them for their delightful company, affection and consistent encouragement rendered by them at all stages during the course of this research work. I am also highly thankful especially to Dr. Dalbir Singh with whom I shared my ideas and learnt much in the process and who helped me a lot at every stage of this doctoral programme.

My special thanks are due to Mr. H.M. Khan, who was kind enough to draw the village maps neatly and beautifully. Lastly I am also thankful to Krishna Computer Centre, Jatog, Shimla-171 008, for phototypesetting this thesis in record time.
