

Appendix-1

SALIENT FEATURES OF TRADITIONAL STORAGE STRUCTURES USED IN RURAL AREAS

| Local name | State where used | Material for construction | Shape | Dimensions | Capacity | Remarks |
|---|-------------------------------------|--|---|---|-------------|----------------------------|
| UNDERGROUND STRUCTURES | | | | | | |
| Khatti | Uttar Pradesh | A simple dugout with a narrow circular opening of about 57 cm diameter. | Flask-shaped | Depth max.500 cm | 6.25 tonnes | Almost obsolete now |
| Khani Patra | Orissa Andhra Pradesh | Simple dugout with sides plastered with cowdung. | Rectangular | Depth 150 cm sides 150-200 cm | 2-3 " | Used in some areas |
| Khondi | Madhya Pradesh | A dugout some times lined with burnt brick or mud. | Circular | Depth 150-450 cm Dia. 360 cm | 9-30 " | Almost obsolete |
| Pov | Maharashtra Andhra Pradesh | A dugout lined with brick or mud and invariably within the residential premises. | Conical | Depth upto 600 cm Dia. 1,200 cm | up to 100 " | Almost obsolete |
| Khai | Rajasthan | Similar to a well. Lined with stone or cement. | Circular or rectangular | Depth up to 600 cm Dia. up to 600 cm | up to 60 " | Rarely used now |
| ABOVE-GROUND STRUCTURES | | | | | | |
| Jala Matka Nand Rect.tin Metal drum | All States | | | | 20-150 bags | |
| Kothi | Bihar, Punjab, Uttar Pradesh | Unburnt clay mixed with straw and cowdung or brick and masonry | Variouly shaped but generally cylindrical | Various dimensions | 1-50 tonnes | Very common in rural areas |
| Kuthla or Gundi | Uttar Pradesh and Madhya-Pradesh | - do - | | | | |
| Bharola | Punjab | - do - | | | | |

Appendix-1 (Contd.)

| Local name | State where used | Material for construction | Shape | Dimensions | Capacity | Remarks |
|---|---|---|-------------|--------------------|----------------|----------------------------|
| Petti | Punjab | Unburnt clay. | Rectangular | 120x75x75 cm | 200-250 kg. | Very common in rural areas |
| Bhukhari | Punjab, Bihar, Uttar Pradesh and Andhra Pradesh | Brick and masonry work | Cylindrical | | | |
| Kanaja | Karnataka, Maharashtra | Bamboo-work plastered with clay. | Cylindrical | Various sizes | 1-20 tonnes | -do- |
| Kotha | Punjab, Uttar Pradesh | Small shed built with brick and masonry | | | 5-100 tonnes | -do- |
| Palla | Bihar | Built by plating together straw. | Cylindrical | Various dimensions | Up to 2 tonnes | -do- |
| Dholi | Madhya Pradesh | bamboo-palm leaves and plastered with a mixture of mud and cowdung. | Cylindrical | | | |
| Bheri Petti Puri Mura | Punjab Karnataka Andhra Pradesh Bihar | Built of straw ropes | Cylindrical | Various sizes | 1-3 tonnes | Currently in use |
| Pura Mudha Kacheri Palgada | Orissa Kashmir Karnataka Assam | Built of straw on a raised platform | Cylindrical | Various sizes | 3-18 tonnes | -do- |
| Golghar Patai Kup Kupe Thekka | Bihar Orissa Punjab Tamil Nadu Uttar Pradesh, Punjab | Cloth either gunny or cotton wound round wooden supports | -do- | -do- | Up to 8 tonnes | -do- |

Appendix-1 (Contd.)

| Local name | State where used | Material for construction | Shape | Dimensions | Capacity | Remarks |
|--------------|---|---|-------------------------------------|---|-----------------|------------------------------------|
| Kothar Arah | Kashmir Himachal Pradesh, Uttar Pradesh and Kerala | Wooden chamber on a raised platform. | Rectangular | Lenth 240 cm Breadth 390 cm Ht.210-350 cm | up to 36 tonnes | Currently in use |
| Pathazam | Kerala | Portion of Arah for seed storage | Wooden Structure on raised platform | | | |
| Nelpura | Kerala | Group of Arahs and Pathazams | | | | |
| Bukhari | Bengal, Bihar | | | | | |
| Dhoti | Delhi Himachal Pradesh, Rajasthan, Uttar Pradesh and Madhya Pradesh | | | | | |
| Patera Gadhi | Andhra Pradesh Maharashtra Andhra Pradesh | Raised platform on timber work walls of bamboo and matting or stems or Ikri, floor and walls plastered with mud and cowdung, roof thatched conical with dry reeds or paddy Wheat straw. | Cylindrical | Diameter 180-390 cm Height 420 cm | Upto 36 tonnes | |
| Gadhi | Maharashtra Andhra Pradesh | | | | | |
| Jute bags | All states | | | | | Placed on floor or raised platform |

Appendix- 2

SURVEY FOR
SETTING UP CREDIT LINKED STORAGE-CUM-PROCUREMENT
CENTRES IN RURAL AREAS

QUESTIONNAIRE

A. Particulars of respondent farmer

1. Name of Farmer:
2. Village:
Block :
District:
3. Age (Yrs.):
4. Education: Illiterate
 Primary
 Secondary
 Graduate or above
5. No. of Family Members: Adults -
Children -
6. Land cultivated (acres):

B. Particulars of production and disposal

| S.No. | Crop | Area (acres) | Production (qtls) | Quantity Retained (qtls) | Quantity sold off (qtls) |
|-------|------|-----------------|----------------------|--------------------------------|--------------------------------|
| | | | | | |

| Crop | Month of | | | | |
|------|----------|--------------|--------------|--------------|--------------|
| | Harvest | 1st Disposal | 2nd Disposal | 3rd Disposal | 4th Disposal |
| | | | | | |

| Order of disposal | Crop | Quantity | Agency* | Place** | Price (Rs/ctl) |
|-------------------|------|----------|---------|---------|-------------------|
| First | | | | | |
| Second | | | | | |
| Third | | | | | |
| Fourth | | | | | |

* Give - Private Agency (P), Government Agency (G)

** Give- Within the Village (V), In the Market (M)

If most of the produce is sold immediately after harvest then the reasons for the same

- Insufficient storage facilities at home
- High losses in storage
- Needs cash to meet immediate need
- Difficult to sell later
- No extra returns from sale during later period
- Any other , specify

C. Particulars of retention and storage

| Crop | Quantity retained (Qtl) for | | | | | Quantity Stored(Qtl) | |
|------|-----------------------------|-----------|------|--------|-------|----------------------|-----------------------|
| | Seed | Household | Wage | Others | Total | At home | With outside agencies |
| | | | | | | | |

D. Particulars of Own-storage

1. Method of storage used:
 - bulk only
 - bags only
 - both
2. Quantity stored : In bags -
 In bulk -

3. Methods used for bulk storage:
- Steel bins
 - Pucca Kothi
 - Kuccha Kothi
 - Mud bin
 - Theka
 - In heap
 - Any other (specify)

4. Storage Practices followed :

- Drying of grains before storage
- Cleaning of grains before storage
- Disinfestation of storage container before storage
- Not mixing old and new stocks
- Turning of stocks
- Frequent checking of stocks for moisture temperature and infestation
- Use of chemicals for control of insects
- Use of local material for control of insects

5. Extra storage practices followed for bag storage:

- Use of dunnage under bags
- Storing bags away from walls
- Proper stacking of bags
- Proper hygiene around storage area
- Use of rat traps or chemical baits for control of rats

6. Material used for insect control:

- Chemical dust
- Chemical spray
- Fumigants
- Neem leaves
- Any other specify

7. Estimated loss of grains in own storage:

- nil
- 1-2 percent
- 3-5 percent
- 6-10 percent
- 11-15 percent
- more than 15 percent

E. Particulars of hired storage

1. Storage agency:
- CWC/SWC
 - Co-operative
 - Market Committee
 - Private trader
 - Any other (specify)

2. Quantity stored (Quintals): Seed for next crop-

Grains for household consumption-

Grains for lean season sale-

3. Charges paid (Rs/qrtl/month) :

4. Distance of godown from village (Km):

5. Distance from the grain market (Km):

6. Loan facility available: Yes

No

7. Loan facility availed: Yes

No

F. Opinion about available facilities

1. Do you find the available storage facilities at your household adequate and safe? Yes No

2. Do you find the available storage facilities with other agencies meeting your expectation and requirements? Yes No

3. Do you find the present arrangement for marketing adequate and satisfactory? Yes No

4. Do you find the available facilities for loan adequate and satisfactory? Yes No

5. Do you have to sell your produce below the market price/support price? Yes No

6. Do you have to sell your produce for want of funds although you wanted to retain it? Yes No

7. Do you have take loan from private traders frequently to meet your household/farm needs? Yes No

G. Attitude towards proposed credit linked storage-cum-procurement facility

1. Would you like to use the facility for storage of your marketable surplus? Yes No

2. Would you like to use the facility for storage of grains meant for household consumption? Yes No
3. Would you like to use the facility for storage of seeds? Yes No
4. Would you like to get credit against the grains kept in the godown? Yes No
5. Would you like to use the marketing facilities of the proposed centre? Yes No
6. Will you use the facility if it is located outside your village but within a distance of about
- (i) 20 Km Yes No
- (ii) 10 Km Yes No
- (iii) 5 Km Yes No
7. Will you use the facility if the storage charges are
- (i) Rs.1.00 per bag/month Yes No
- (ii) Rs. 0.50 per bag/month Yes No
- (iii) Rs. 0.30 per bag/month Yes No
8. Which agency will you prefer to operate the Scheme in your area?
- Panchayat Cooperative Society
- Private Traders Government Agency
- Market Committee Do not know
- Any other (specify)

9. Would you still like to maintain the storage at your home if above facilities are available?

Yes No Can say only after use

10. What type of facility do you think is more suitable for storage of your foodgrains?

Own hired Combination

11. Your suggestions for improving storage, marketing and credit facilities for the farmers.
