ACKNOWLEDGEMENTS

It is my priviledge here to express my enduring gratitude to my guide, Dr. M.G. Husain Professor and Head of Department of Psychology, Jamia Millia Islamia, New Delhi. He has been the fountainhead giving constant encouragement and guidance though all the phases of this study. I am indebted to him for his meticulous care in planning working and critically evaluating the data and manuscript.

It is my priviledge here to express my enduring gratitude to Prof. P. Venugopal, Prof. and Head Department of CTVS, All India Institute of Medical Sciences, New Delhi. under whom I had the pleasure of working for over three years during the data collection phase of the work.

I thank my mother, and father for their teachings of values which they inculcated in me from childhood.

Above all I bow before my gurn Rama Krishna Pramhansa and Ma Sharda who is my constant source of spiritual strength and inspiration.

The laudable assistance rendered by Dr. K.R. Sundram of A.I.I.M.S., New Delhi and Rajbir Singh of the department of Bio-Statistics, New Delhi. in the statistical analysis is gratefully acknowledged, as also his spontaneous support.

I am indebted to all the faculty staff and all my colleagues of the A.I.I.M.S., CTVS department for their encouragement and assistance.

It is my pleasure to thank my colleagues and the staff at the Psychology department of Jamia Millia Islamia during this study.
